5th November 2020

Dear Parents

We have today had more guidance from the Government around the “new lockdown”. I am currently trawling through them – on the whole there seems to be very little difference, but I will obviously let you know as soon as anything changes.

One big issue that has surfaced is the issue of ventilation against keeping warm. All advice says to work outside or keep doors and windows open.

This was fine in the summer but as the colder weather has arrived it may cause issues. Therefore, please can you make sure your child comes to school in “layers” of clothes which when the classrooms warm up they can take off, for example put another T-shirt under the school polo shirt, wear a sweatshirt and if you have one a cardigan or another sweatshirt. I appreciate that some of you may have a limited supply of school cardigans and/or sweatshirts, so we are happy for children to wear PLAIN, DARK coloured sweatshirts or cardigans (not hoodies please as these do pose a health and safety risk).

PE will be a mixture of outdoor PE, whenever the weather allows, and in the hall. If we need to use the hall we will of course ensure we follow all the Government guidance to ensure we keep children and adults safe.

As ever, please do not hesitate to contact the office (email is the best as the office is not always manned) if you have any questions. As soon as I have any further information I will share it with you all.

Take care and remain safe.

Yours sincerely

Head Teacher
